PERFECT FOR CATCHING AMONG OTHERS:

APPLICATION:

Premium Select is a sinking, water-stable, complete feed for sturgeon. This feed is based on high-quality ingredients for high digestibility and enables good growth. This feed includes fish proteins, which makes the feed very attractive for sturgeon.

Premium Select contains all necessary vitamins, minerals and trace elements to keep sturgeon healthy and in good condition.

* Feed 2-4 times per day depending on fish size and water temperature and no more than the koi eat within 5 minutes.

Remove uneaten feed from the pond in case of overfeeding. At water temperatures below 10 °C koi have a reduced appetite and slow digestion, therefore feed accordingly. Don't feed koi if the water temperature is below 5 °C.
