

- High in protein
- Contains astaxanthin
- Includes a prebiotic fibre
- Flavoured with insect meal
- Includes krill

COMPOSITION:

Analyses (%)		Sizes
Protein	45	3.0 mm
Fat	7	6.0 mm
Crude fibre	1,6	
Ash	8,9	
Astaxanthin (mg/kg)	10	
Vitamins added		
Vitamin A (IE/kg)	12000	

PERFECT FOR FEEDING ALL KOI:

APPLICATION:

Orange is a premium grower for koi, with carotenoids for colour intensification. This diet contains krill meal to make it extra attractive to koi and promotes a good feed intake. It also contains a prebiotic and BIO-MOS[®]. The prebiotic serves as a food source for the positive microflora in the gut. BIO-MOS[®] binds opportunistic bacteria and optimises digestive function. This supports a good intestinal balance.

* Feed 2-4 times per day depending on fish size and water temperature and no more than the koi eat within 5 minutes.

Remove uneaten feed from the pond in case of overfeeding. At water temperatures below 10 °C koi have a reduced appetite and slow digestion, therefore feed accordingly. Don't feed koi if the water temperature is below 5 °C.
